

MUHAMMAD MANSOOR

COMPUTER SCIENCE UNDERGRADUATE | ASPIRING RESEARCHER & SOFTWARE DEVELOPER

Pakistan · +92 318 9983606 · pro924432@gmail.com

PROFILE SUMMARY

Motivated Computer Science undergraduate with a solid foundation in programming, databases, and web development, built through coursework and independent projects. Comfortable diagnosing and resolving a wide range of software faults, from configuration issues to logic errors, through hands-on practice. Seeking a scholarship or entry-level opportunity to deepen academic and technical expertise, contribute to research, and grow within an internationally collaborative environment. Known for strong analytical thinking, adaptability, and genuine enthusiasm for continuous learning.

EDUCATION

Bachelor of Science in Computer Science

2023 – 2027

Abdul Wali Khan University Mardan (AWKUM), Pakistan

- 16-year education pathway; coursework spans programming, databases, web development, and computer science fundamentals.

Intermediate (FSc / Computer Science)

2020 – 2022

Government Degree College, Babuzai, Mardan

SKILLS

Technical Skills

- Programming: Python, C++, Java
- Web Development (HTML, CSS, JavaScript)
- Advanced DBMS & SQL
- Software fault diagnosis & troubleshooting
- MS Office Suite

Core Strengths

- Analytical & problem-solving mindset
- Research fundamentals
- Team collaboration
- Cross-cultural communication
- Time management & adaptability

PRACTICAL EXPERIENCE

Web Development — Academic & Self-Directed Projects

Ongoing

- Building and testing web pages and small applications using HTML, CSS, JavaScript, and core programming logic.
- Diagnosing and fixing a broad range of software faults across personal and academic projects, from bugs to system/configuration issues.
- Supporting peers as a teaching assistant on foundational programming concepts.

PROJECTS & RESEARCH

Final Year Project

In Progress

- Project topic and scope currently under development as part of the BS Computer Science program; details available upon request as the work progresses.

LANGUAGES

Spoken

- Urdu — Native
- Pashto — Native
- English — Professional working proficiency

INTERESTS & ACTIVITIES

Personal Interests

- Football
- Reading books

CERTIFICATIONS

- Get Started with Web Development Using Visual Studio Code — Microsoft (November 19, 2025)
- Introduction to Machine Learning Concepts — Microsoft (November 19, 2025)
- Professional Networking for Career Growth — HP LIFE / HP Foundation (December 15, 2025)
- Soft Skills Training — ICMPD & OEC (December 15, 2025)
- Encoder-Decoder Architecture — Google Cloud, via Simplilearn SkillUp (February 6, 2026)

ACHIEVEMENTS

- NRSP Certificate — community development program

PERSONAL INFORMATION

Date of Birth: 01 January 2004 | Nationality: Pakistani | Marital Status: Single
